### RESEARCH POLICY: COLLEGE OF FINE ARTS

#### Composition of Research Cell

Research Cell will have the following composition

- Principal – Chairperson • HOD of A Department – Member Secretary & Coordinator
- Two teachers – Members (Preferably recognized Senior Guides)
- Industry/Academia representative – Member
- Two student representatives - Members Research

Cell may be expanded with the inclusion of more members as necessary.

It may also set up and promote 'Action Groups' for managing specific projects/activities.

#### Objectives of the Research Policy

- Strengthening the institutional capacity for strategic, technical and operational planning, budgeting and control of all research activities of the College
  - Creating and administer a research fund for supporting and facilitating research initiatives and projects of faculty members and students
  - Preparing and updating the research agenda of the Institute outlining the preferred focus areas and priorities of research activities to be supported
  - Guide faculty members in the effective integration research projects with the regular curriculum implementation and curriculum enrichment activities
  - Promoting interdisciplinary research and establishing modalities for preparing and undertaking joint research projects covering more than one knowledge domain as well as policies for involving external agencies/experts in such projects
- Identifying and establishing linkages including MOU s for long term relationships with national and international research organizations for widening the scope of research opportunities and funding options available to the teachers and students of the Institute.
- Identifying and establishing linkages including MOU s for long term relationships with Institutions, industry bodies and individual companies for creating opportunities for teachers and students of the University to involve themselves in real life research projects and obtaining sponsorships.
- Encouraging and facilitating the publication of the research work/projects in reputed academic journals
- Encouraging and facilitating the presentation/communication of the research work/projects as well as their findings and recommendations through academic events such as workshops/seminars/guest lecturers or the media
- Compiling data on all the research work/projects undertaken by the teachers and students in to a database for easy monitoring and analysis of the progress being made by them from year to year
- Adopting research code, which informs all researchers about the ethical and legal norms and principles to be followed in the conduct of research
- Preparing and implementing research quality assurance mechanism for ensuring that all research activities of the Institute/ University conform to standard quality specifications
- Developing and administering rules and procedures to ensure the compliance of all researchers to the research quality assurance framework, the research code and all the applicable rules and regulations.
